

Take your benefits with you

With the BlueCard® PPO and Blue Cross Global Core programs

What happens if you're away from home and you need care right away? As an Anthem Blue Cross (Anthem) member, you have access to care across the country through the **BlueCard® PPO Program**.

This includes **93% of doctors and 96% of hospitals in the U.S.**¹

If you're outside the U.S., you can use the **Blue Cross Global Core Program**. It gives you access to doctors and hospitals in nearly 190 countries and territories around the world.²

Traveling?

Here's what you need to know

- Before leaving the country, ask Member Services if your international benefits are different.
- Ask for approval before getting care. This is "precertification" and helps you find care covered by your plan. To see if you need precertification, call Member Services at the number on your ID card.
- Save money by seeing a BlueCard program doctor or hospital. You only pay your usual out-of-pocket amounts (such as deductible, your percentage of costs or copay). If you go to a doctor or hospital outside the program, you'll need to pay the entire bill up front.
- Show your Anthem ID card so they can check your benefits and send us a claim for processing.
