

The University of Southern California (USC) and Keck Medicine of USC strive to offer comprehensive medical benefits that meet the needs of our faculty and staff and their families.

Our health plans offer these benefits for HIV Services and Treatment

- HIV Testing: All USC health plans cover laboratory HIV testing when ordered by a provider
- At-Home HIV Test Kits: Anthem HMO and Anthem MyChoice HMO plans cover approved at-home HIV test kits when purchased at an in-network pharmacy
- At-Home HIV Test Kits: Kaiser Permanente offers reimbursement for federally approved at-home HIV test kits ordered by a provider
- At-Home HIV Rapid Result Test Kits: USC Trojan Care EPO and USC PPO Plans cover at-home HIV rapid result test kits with a prescription
- Prescription Drugs for Prevention and Treatment: All USC health plans cover, Pre-exposure prophylaxis (PrEP), Post-exposure prophylaxis (PEP), and Antiretroviral therapy (ART)

HIV Testing, At-Home HIV Test Kits, and PrEP may be available at no-cost as a preventive service.

Information about specific prescription drugs coverage including which PrEP medication is available as preventive is available on the plan's formulary. The formulary for the USC Trojan Care EPO and USC PPO Plans is available [here](#).

For additional information about health plan benefits for HIV Services and Treatment, including information about no-cost preventive services and formulary information call the USC Health Plans Member Services team at 213-740-0035 or the Member Services number on your medical plan ID card.

Keck Community Medical Group, Las Vegas Healthcare Center, Local 11, USC Arcadia Hospital, or USC Verdugo Hills Hospital groups may have different benefits. Please contact your local health plan representative.

USC Trojan Care EPO and USC PPO plan enrollees can maximize their plan in-network benefits when they receive services from Keck Medicine. Information about their Positive Care program is available on the [Positive Care website](#).

Medical plan copayments and coinsurance payments for HIV Services and Treatment are eligible for reimbursement from USC's Flexible Spending Account.

This is not a guarantee of coverage. Please review the Summary Plan Description (SPD) or Evidence of Coverage (EOC) available on [Employee Gateway](#) for more information and limitation of these benefits. Services may be subject to prior authorization. We recommend contacting the Member Services number on your medical plan ID card prior to receiving services to ensure your understanding of the benefits available.
