**USC** Additional and  
Voluntary Benefits

USC offers two types of Flexible Spending Accounts (FSA) in which employees can participate and use pre-tax dollars to pay for qualified expenses throughout the year. There are many benefits of using an FSA:

- **It saves you money.** You can set aside pre-tax money to pay for qualified expenses.
- **It's a tax-saver.** Since your taxable income is decreased by your contributions, you'll pay less in taxes.
- **It is flexible.** You can use Health Care FSA funds on qualified expenses at any time during the plan year.

### Health Care FSA (FSA)

Health Care FSAs allow you to pay for qualified health care expenses with pre-tax dollars.

**Services must be provided in 2025 and submitted for reimbursement to HealthEquity by Mar. 31, 2026.**

# Disability Insurance

Disability insurance is designed to replace income when an employee is medically certified as unable to work due to an injury or medical condition.

## Short Term Disability Insurance

Short-term disability insurance provides up to 52 weeks of coverage, after a seven-day unpaid waiting period. California faculty and staff are automatically enrolled in the California State Disability Insurance.

If preferred, benefits-eligible faculty and staff may choose to instead enroll in USC’s Basic Short Term Disability insurance that provides the same amount of coverage as well as additional benefits:

- Participants of the USC Basic Short Term Disability plan generally receive a greater benefit than they would under California State Disability Insurance.
- Only participants of the USC Basic Short Term Disability plan may choose to enhance their coverage by also electing the USC Supplemental Short Term Disability plan.

## Supplemental Disability

Supplemental Disability insurance provides a larger percentage of base wages for up to 52 weeks. Eligibility to enroll begins after 12 months of active benefits-eligible employment and is only available when already enrolled in USC Basic Short Term Disability insurance.

## Short Term and Supplemental Disability insurance rates and benefits

	CA State Disability	USC Basic	USC Supplemental
<b>2024 Benefit cost</b>	1.1% of wages	1.1% of wages	0.3% of wages
<b>Benefit amount</b>	60-70% of wages earned 5-18 months prior to the start of disability leave	70% of base weekly pay	100% of weekly pay for up to 10 weeks (one week per year of service) then 80% of weekly pay

<b>Duration</b>	52 weeks	52 weeks	52 weeks
<b>Waiting period</b>	7 days	7 days	7 days

## Long Term Disability insurance

Long Term Disability insurance begins after 52 weeks of Short Term Disability insurance. To ensure that Trojan faculty and staff are financially protected, USC provides — at no cost — Long Term Disability insurance through MetLife for all eligible faculty and staff.

With Long Term Disability insurance, financial protection includes:

- Income replacement on a partial or full disability basis
- Coverage that could replace up to 60 percent of their income up to \$15,000 per month
- Monthly payments made directly to the employee

### Accident Insurance

Accidents can happen at any time, and treatment can knock a household budget off course. MetLife accident insurance payments are made directly to you, not your healthcare provider, so you can use the money however you want. More than 150 events are covered under this plan, in addition to any benefits your medical plan may pay. This plan includes a wellness benefit that pays you \$60 for completing one of a number of preventive health care activities.

What's more, covered conditions include heart attack, cancer, and stroke, among others. This plan includes a wellness benefit that pays you \$50 for completing one of several preventive health care activities, but if you have critical illness insurance only and complete a mammogram, the plan pays you \$200.
